

type 1: both sides stalled
good pixels

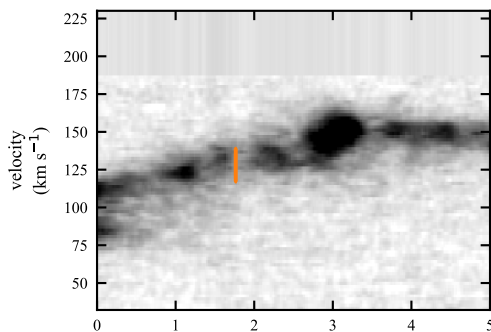

probability

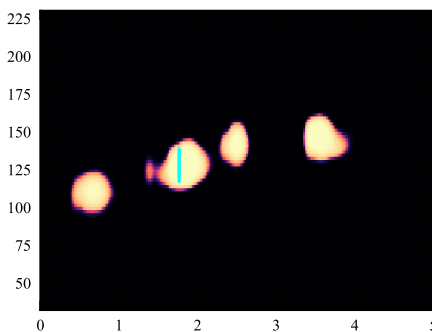

Dice 0.79, recall 0.91

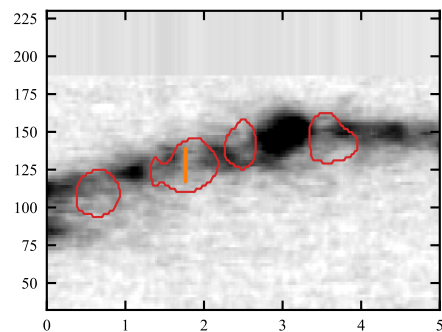

type 1: both sides stalled
patch hit / poor pixels

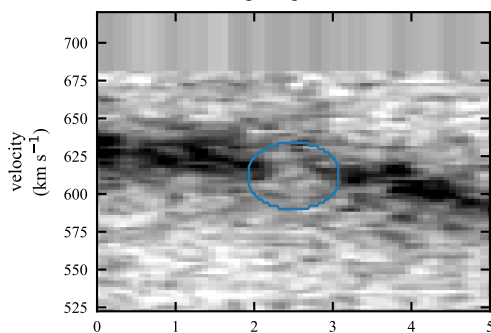

probability

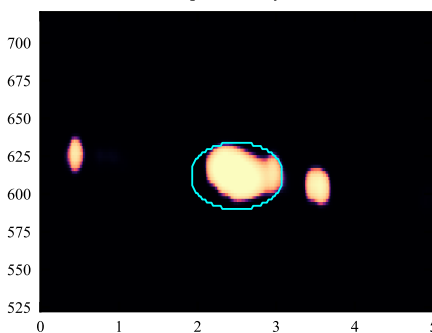

Dice 0.02, recall 1.00

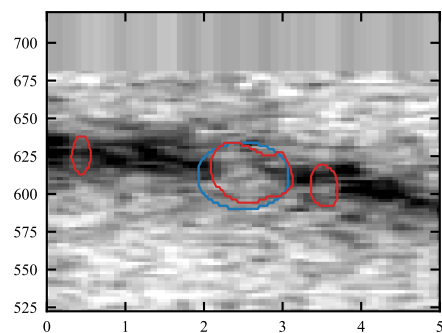

type 2: one side expanding
good pixels

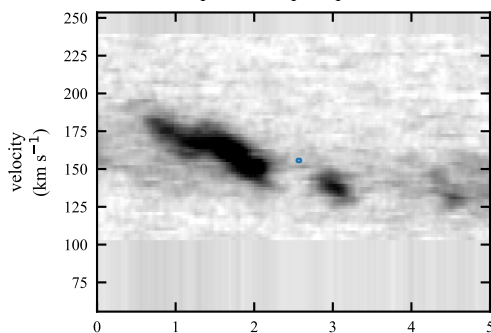

probability

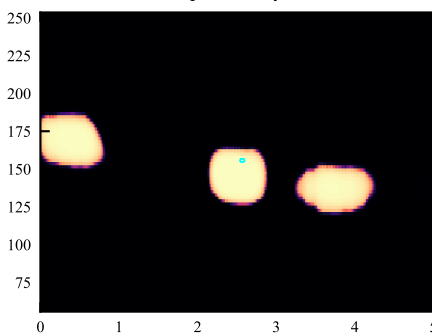

Dice 0.71, recall 0.73

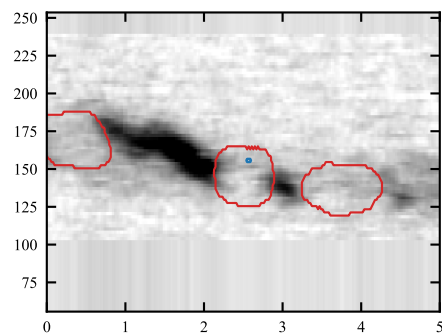

type 2: one side expanding
patch hit / poor pixels

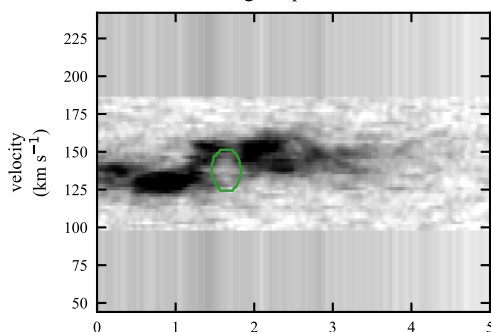

probability

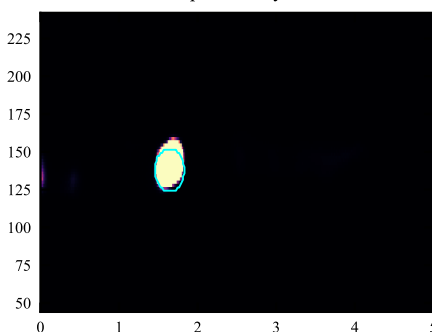

Dice 0.00, recall 1.00

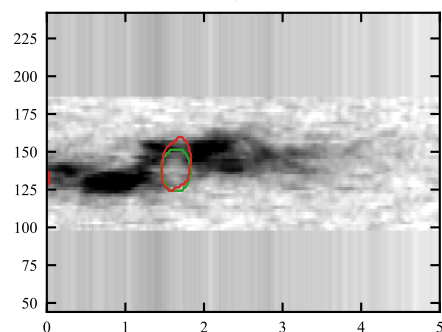

type 3: both sides expanding
good pixels

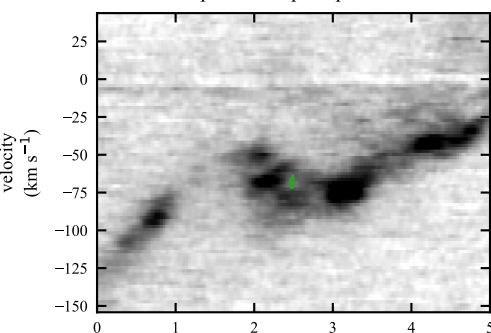

probability

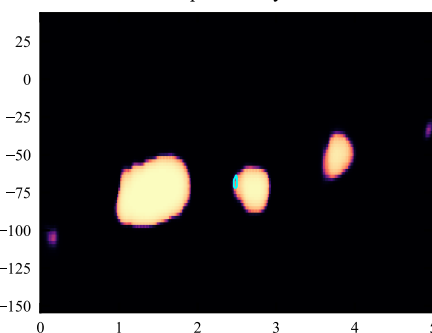

Dice 0.82, recall 0.92

type 3: both sides expanding
patch hit / poor pixels

probability

Dice 0.01, recall 1.00
